Pre-Service Visits

Before your first cleaning, our account management team will conduct two brief on-site visits to ensure your facility is fully assessed and our crew is prepared from day one.

Visit 1 **Site Survey**	Your account manager will evaluate the full scope of work, document cleaning requirements, collect access details (keys, entry codes, on-site contacts), identify restricted areas, and take reference photos. *Please have ready: facility access, a designated on-site contact, and details about restricted areas or alarm systems.*
Visit 2 **Team Introduction**	Your account manager returns with your assigned cleaning crew for a full walkthrough. We will introduce the team, review the cleaning plan, and address any final details — so you feel confident before your first service day.

Policies & Important Information

Property access: Please ensure our team can access your facility on all scheduled days. Coordinate keys, entry codes, or badges with your account manager prior to the site survey.

Schedule changes: We understand plans change. Please let us know as early as possible and we will do our best to accommodate you at the earliest available time.

If something is not right: Your complete satisfaction is our priority. Contact us within 24 hours and we will make it right — that is our promise to you.

Supplies & equipment: Cleaning World provides all cleaning products and equipment as part of our service, unless otherwise specified in your contract.

Privacy & professionalism: All team members are thoroughly screened and held to the highest professional standards. Your facility and information will always be treated with complete discretion.
